

Family Educational Rights and Privacy Act of 1974

The United Community School District has adopted a policy designed to assure parents and students the full implementation, protection and enjoyment of their rights under the Family Educational Rights and Privacy Act of 1974.

A copy of the school district's policy is available for review in the offices in both buildings of our school. This law requires the school district to designate as "directory information" any personally identifiable information taken from a student's education records prior to making such information available to the public.

This school district has designated the following information as directory information: student's name; address and telephone number; date and place of birth; e-mail address; grade level; enrollment status; major field of study; participation in officially recognized activities and sports; weight and height of members of athletic teams; dates of attendance; degrees and awards received; and the most recent previous education institution attended by the student; photograph and other likeness and other similar information. You have the right to refuse the designation of any or all of the categories personally identifiable information as directory information with respect to your student provided that you notify the school district in writing no later than the first day of school this year.

If you have no objections to the use of student information as defined above, you DO NOT need to complete this form.
