

MEET THE TEACHER

Mr. Nordhus

WELCOME TO UNITED!

I am excited to be teaching both 6th grade and Talented and Gifted (TAG) this year. I am passionate about creating a positive and supportive learning environment where students feel comfortable taking risks, asking questions, and challenging themselves. Building strong relationships with students is an important part of my teaching and I strive to help each student grow academically while also developing confidence and independence. I look forward to partnering with families and making this a successful and enjoyable school year!
