

Hello! My name is Christy Jury and I am an Preschool and Early Childhood Special Education Teacher at United Community School. I have been with United since 2018. I absolutely love my job and feel so honored to partner with you as we help your child to learn and grow socially and academically.

I grew up and still live in Ankeny. I attended Upper Iowa University where I obtained a degree in Early Childhood Education, my Reading and Special Education endorsement.

Preschool is very special to me because of the relationships that are formed, the excitement, the love of learning that is installed and their abundance of joy, laughter, and cuteness. In my classroom, we enjoy dancing, singing songs and making learning fun.

I will be getting my Masters in Early Childhood through Northwestern College.

When I'm not teaching, I am spending time with my family and friends. Cheering and supporting my nephews in their activities. I enjoy traveling, reading, fishing and being outdoors and cheering on the Iowa State Cyclones and Green Bay Packers.
