

Hello!

My name is Jack Nurre, and I am thrilled to say that I will be the new elementary school counselor at United for the 2023-24 school year! I have been a student at the University of Iowa for the past five years where I received a BA in psychology and an MA in school counseling. My passion for this field comes primarily from forging quality relationships with students while simultaneously contributing to a supportive school environment on a broader scale. I'm extremely excited to collaborate with and learn from staff, families, and other stakeholders so that I can assist students as effectively as possible and continuously grow as a school counselor. To this end, I feel very fortunate to be coming to United and I look forward to getting to know the many different people in this school community!
