Hi! I'm Ms. Kim!

I could not be more thrilled to be one of your teachers for the upcoming school year! I am ready to make this year the best one yet! Together we will learn and grow. If there is anything that I know, it's that with hard work, kindness, and a bit of GRIT, we can accomplish anything we set our minds to!

back in my day...

3rd grade and 5th grade were my two favorite grades! I learned multiplication and I started to enjoy reading. I loved *The Boxcar Children* and *Choose Your Own Adventure* books. Ms. Gammel and Mrs. Swor had a huge impact on me, and made me want to be the best teacher I can be!

my why:

I didn't always want to be a teacher. I worked for Sherwin-Williams for 13 years and I had a realization that much of who I am, I owe to my teachers. They helped me the potential inside of me. My purpose for being here is to do the same for you!
