The board requires all persons, agencies, vendors, contractors and other persons and organizations doing business with or performing services for the district to subscribe to all applicable federal and state laws, executive orders, rules and regulations pertaining to contract compliance and equal opportunity.

The board is committed to the policy that no otherwise qualified person will be excluded from educational opportunities on the basis of race, color, religion, creed, sex, marital status, national origin, sexual orientation, gender identity or disability. Further, the board affirms the right of all students and staff to be treated with respect and to be protected from intimidation, discrimination, physical harm and harassment.

Notice of Nondiscrimination

Students, parents, employees and others doing business with or performing services for the United Community School District are hereby notified this school district does not discriminate on the basis of race, color, creed, religion, sex, national origin, sexual orientation, gender identity, disability, age (for employment), marital status (for programs), or socioeconomic status (for programs) in admission or access to, or treatment in, its programs and activities or hiring and employment practices.

Jurisdictional Statement

This handbook is an extension of board policy and is a reflection of the goals and objectives of the board. The board, administration and staff expect students to conduct themselves in a manner fitting to their age level and maturity with respect and consideration for the rights of others. Students are expected to treat teachers, other employees, students, visitors and guests with respect and courtesy. Students may not use abusive language, profanity or obscene gestures or language.

This handbook, school district policies, rules and regulations are in effect while students are on school grounds, school district property or on property within the jurisdiction of the school district; while on school-owned and/or school-operated buses or vehicles; while attending or engaged in school activities; and while away from school grounds if the misconduct directly affects the good order, efficient management and welfare of the school district or involves students or staff. School district policies, rules and regulations are in effect 12 months a year. A violation of a school district policy, rule or regulation may result in disciplinary action.

Students who fail to abide by the school district's policies, rules and regulations may be disciplined for conduct which disrupts or interferes with the educational program; conduct which disrupts the orderly and efficient operation of the school district or school activity; conduct which disrupts the

rights of other students to obtain their education or to participate in school activities; or conduct which interrupts the maintenance of a disciplined atmosphere. Disciplinary measures include, but are not limited to, removal from the classroom, detention, suspension, probation and expulsion.

The school reserves and retains the right to modify, eliminate or establish school district policies, rules and regulations as circumstances warrant, including those contained in the handbook. Students are expected to know the contents of the handbook and comply with it. Students or parents with questions or concerns may contact the Administrator's Office for information about the current enforcement of the policies, rules or regulations of the school district.

Clarification (Code 500)

In this handbook, the word "parent" also means "guardian" unless otherwise stated. An administrator's title, such as superintendent or principal, also means that individual's designee unless otherwise stated. The term "school grounds" includes the school district facilities, school district property, property within the jurisdiction of the school district or school district premises, school-owned or school-operated buses or vehicles and chartered buses. The term "school facilities" includes school district buildings. The term "school activities" means all school activities in which students are involved whether they are school-sponsored or school-approved, whether they are an event or an activity, or whether they are held on or off school grounds.

School Fees

The school district charges fees for certain items, such as textbook rental. Students whose families meet the income guidelines for free and reduced price lunch, the Family Investment Program (FIP), Supplemental Security Income (SSI), transportation assistance under open enrollment, or students who are in foster care are eligible to have their student fees waived or partially waived. Students whose families are experiencing a temporary financial difficulty may be eligible for a temporary waiver of student fees. Parents or students who believe they may qualify for temporary financial hardship should contact the secretaries at registration for a waiver form. This waiver does not carry over from year to year and must be completed annually.

STUDENT ATTENDANCE (Code 501)

General Information

The philosophy of the district is consistent and punctual attendance is vitally important and is a prerequisite for completing an education. Attendance is a shared responsibility and requires cooperation and communication between students, parents and school. Students will be expected to attend classes regularly and to be on time in order to receive maximum benefit from the instructional program, to develop habits of punctuality, respect, self-discipline, and responsibility, and to assist in keeping disruption of the educational environment to a minimum. Irregular attendance or tardiness by students not only impedes their own studies but also interferes with the progress and attitude of those students who attend promptly and regularly.

If parents know their child is going to be absent, the parents are asked to notify the school office prior to the absence by note, phone call or email. If advance notification is not possible, parents must notify the school office on the day of the absence prior to 8:30 a.m. The Office phone number is 432-5319. If notification is not received, the office will attempt to contact the parents.

The school determines whether an absence is excused or unexcused. Excused absences include, but are not limited to illness, family emergencies, recognized religious observances, and

school-sponsored or approved activities. Unexcused absences shall include, but not be limited to day of absence with no notification from the parent, either by email or by phone, and student calling himself/herself in sick. Students are expected to be at school and in class on time. Parents must communicate with the school for all absences.

Students who need to leave school during the school day must have their parent call or email the school office or have their parent come to the office and request the student dismissal. **Students are required to sign out in the office before leaving or sign in before returning to class so the attendance database can be updated.** Students are not released to anyone but their parents unless the parent has made special arrangements with the office.

Students participating in school activities must be in school at least one-half day on the day of the event in order to participate in a school activity. The remaining half-day must be an excused absence. Parents who know their student is going to be absent *prior to* an absence and request make up work need to call the school in advance to allow the secretaries and teachers time to gather the assignments.

Attendance Notification

After 7-10 absences, an Awareness Letter will be mailed to the parents to inform them of a potential problem which may be developing due to the number of days the student has been absent and/or tardy.

After 10-15 absences, a second letter and/or a Level One hearing and/or a parent contact will be held with the parents, Administrator and other appropriate staff members.

After 15 absences, a third awareness letter and/or a Level Two hearing will be required involving the Administrator, student, the parent or guardian.

If the student continues to be absent 10 days per semester or beyond the Level Two hearing the Administrator will notify the County Attorney regarding the non-compliance of Iowa Code 299.1. If not applicable, then appropriate steps and alternatives may be implemented.

Guidelines for Attendance:

- Student will be marked tardy if arrival time is between 8:00-9:00 a.m.
- Student will be marked ½ day absent for the morning if arrival at school is during 9:00-11:30 a.m.
- Student will be marked ½ day absent for the afternoon if student leaves school at anytime between 11:30 a.m.-2:10 p.m.
- A student spending more than ½ of the morning or afternoon in the nurse's office will be marked absent from school for that half day.

Truancy (Code 501.10)

The student will be expected to make up all time out of school in an in-school or after-school detention.

Make-Up Work (Code 501.9)

Make-up work for full credit is allowed for all excused absences. Full credit will be given for satisfactory work completion. Students will be allowed two (2) days (per day absence) to make up their work. If the teacher deems it appropriate, the student may be assigned work, which is different from that assigned to the regular class.

Tardiness (Code 501.10)

A student will be counted tardy if he/she arrives between 8:00-9:00 a.m. Students who are tardy are required to sign in at the office and receive an admit pass. Excessive tardiness, as determined by the Administrator may result in a make-up work time (i. e. in-school suspension, loss of privileges, or after-school detention).

***Please note: All attendance is taken at 8:00 a.m. Students arriving after 8:00 a.m. are counted tardy.**

Early Release

All early releases, which are known at this time, are listed on the school calendar. It is imperative parents have a plan for their child on early release days and the plan has been communicated to the child.

Entry Requirements (Code 501.4)

A child shall not be admitted to Kindergarten unless he/she is five years of age on or before the fifteenth day of September of the current year. A child shall not be admitted to the first grade unless he/she is six years of age on or before the fifteenth day of September of the current year. Health and current immunization records must also be provided prior to enrollment.

Inclement Weather or Emergency Closing

Announcements will be made as soon as possible over local television stations and the school's communication system should inclement weather or emergency situations occur.

Notification of inclement weather and emergency closings will be sent out utilizing the Powerschool Messenger notification system. This will include contact via any of the following: phone, text message and/or email.

If school is dismissed because of inclement weather after the school day has begun, parents will be notified by the same means. The Administrator determines whether buses will follow the regular routes. If the buses do not follow the regular routes, a special announcement will be made. (Code 711.8)

Activities scheduled for the day when school is canceled or dismissed early are canceled or rescheduled. The Administrator may determine whether to hold activities. If the activity is to be held, students and parents are notified in the same manner as the notification that school was dismissed.

PLEASE inform your child what they should do if an emergency closing should occur. *Also, please send an email or call the school if your child is to be picked up or go home with someone else.*

School Day

The class day is 8:00 a.m. to 3:10 p.m. United students may be present on school grounds after 7:30 a.m. and until the United buses pull out at 3:30 p.m. in accordance with the school day. Doors will open for students to arrive at 7:30 a.m. Students may only be on school property when they are under the supervision of a school employee, a parent or an extracurricular activity sponsor. If school is dismissed early, students are expected to leave the school grounds as soon as the buses leave to take the students home. Any exceptions must have the approval of the Administrator. Students are not supervised before 7:30 a.m. or after 3:30 p.m.

DISCIPLINE RULES/STUDENT CONDUCT (Code 503.1)

Student behavior is expected to be such that there is no interference with the regular procedures of any classroom. Students have the primary responsibility for their actions. We encourage self-control while stressing the expectations of Positive Behavior Interventions & Supports (PBIS): Be Respectful, Be Responsible, and Be Safe. Behaviors that are not in accordance with the PBIS expectations interfere with the work of the class, endanger the safety of others, cause disorder in or on school property, or break state or federal laws will not be tolerated. Disciplinary actions could include staying after school (with parents responsible for pick-up), removal from class/ lunchroom/or activity, in-school suspension, out-of-school suspension, and/or a recommendation for expulsion. The Administrator or teacher will use his/her professional judgment in handling these cases. A copy of Board Policy is available on the United Community website.

Conduct Expectations:

1. Students should be on time and prepared for class.
2. Students are not to leave the classroom, lunchroom, or an assembly until dismissed by an administrator, teacher, or adult supervisors.
3. Students are required to sign-in at each building office when arriving late and sign-out when leaving early.
4. Students are expected to respect themselves, the staff, their peers and school property.
5. Students are expected to follow directions given to them by adult supervisors.
6. Appropriate dress should be followed, see Dress Code.
7. Student cell phones or any other personal electronic devices are not allowed in the classroom and must be turned off during the school day. The school is not liable for theft, loss or damage.
8. No picture technology except by permission of classroom teacher.

Cheating:

- ** The 1st offense will result in an Office Discipline Referral (ODR) being issued, parent contacted, and the student doing the assignment over again.
- ** The 2nd offense during the year will result in a zero grade being given for the test or assignment, Office Discipline Referral (ODR) issued, and parent contacted.

Physical Altercation (fighting)

The Board of Education at United Community School District believes fighting is not the appropriate way for students to solve problems. It is our goal to teach students they do have other choices they could make that would help them avoid a physical altercation. The following guidelines will be followed with students in a fight:

- ** The 1st offense may result in suspension and parent contact.
- ** The 2nd offense may result in additional suspension time and parent contact.
- ** The third offense may result in additional suspension time and may result in a recommendation to the Board of Education for expulsion. Prior to any expulsion recommendation, an intervention plan will be developed and implemented with parent involvement by the Data Team.

Administrative discretion will be applied. Parents will be notified before a student serves any out of school suspension days.

Anti-Bullying/Harassment (Code No. 104)

Harassment and bullying of students and employees are against federal, state and local policy, and are not tolerated by the board. The board is committed to providing all students with a safe and civil school environment in which all members of the school community are treated with dignity and respect. To that end, the board has in place policies, procedures, and practices designed to reduce and eliminate bullying and harassment as well as processes and procedures to deal with incidents of bullying and harassment. Bullying and harassment of students by students, school employees, and volunteers, who have direct contact with students, will not be tolerated in the school or school district.

The board prohibits harassment, bullying, hazing, or any other victimization, of students or employees, based on any of the following actual or perceived traits or characteristic, including but not limited to age, color, creed, national origin, race religion, marital status, sex, sexual orientation, gender identity, physical attributes, physical or mental ability or disability, ancestry, political party preference, political belief, socioeconomic status, or familial status. Harassment against employees based upon race, color, reed, sex, sexual orientation, national origin, religion, age or disability is also prohibited.

This policy is in effect while students or employees are on property within the jurisdiction of the board; while on school-owned or school-operated vehicles; while attending or engaged in school-sponsored activities; and while away from school grounds if the misconduct directly affects the good order, efficient management and welfare of the school or school district.

If, after an investigation, a student is found to be in violation of the policy, the student shall be disciplined by appropriate measures up to, and including, suspension and expulsion. If after an investigation of a school employee is found to be in violation of the policy, the employee shall be disciplined by appropriate measures up to, and including, termination. If after an investigation of a school volunteer is found to be in violation of this policy, the volunteer shall be subject to appropriate measures up to and including, exclusion from school grounds. "Volunteer" means an individual who has regular, significant contact with students.

Harassment and bullying mean any electronic, written, verbal, or physical act or conduct toward a student which is based on any actual or perceived trait or characteristic of the student and which creates an objectively hostile school environment that meets one or more of the following conditions:

- Places the student in reasonable fear of harm to student's person or property;
- Has a substantially detrimental effect on the student's physical or mental health;
- Has the effect of substantially interfering with the student's academic performance; or

- Has the effect of substantially interfering with the student's ability to participate in or benefit from the services, activities, or privileges provided by a school.

Any person who promptly, reasonably, and in good faith reports an incident of bullying or harassment under this policy to a school official, will be immune from civil or criminal liability relating to such report and to the person's participation in any administrative, judicial, or other proceeding relating to the report. Individuals who knowingly file a false complaint may be subject to appropriate disciplinary action. Retaliation against any person, because the person has filed a bullying or harassment complaint or assisted or participated in a harassment investigation or proceeding, is also prohibited. Individuals who knowingly file false harassment complaints and any person who gives false statements in an investigation will be subject to discipline by appropriate measures, as will any person who is found to have retaliated against another in violation of this policy. Any student found to have retaliated in violation of this policy will be subject to measures up to, and including, suspension and expulsion. Any school employee found to have retaliated in violation of this policy will be subject to measures up to, and including, termination of employment. Any school volunteer found to have retaliated in violation of this policy will be subject to measures up to, and including, exclusion from school grounds.

The school or school district will promptly and reasonably investigate allegations of bullying or harassment. The principal or designee will be responsible for handling all complaints by students/their parents alleging bullying or harassment. The Superintendent or designee will be responsible for handling all other complaints alleging bullying or harassment.

Threats of Violence

All threats of violence, whether oral, written, or symbolic, against students, employees, visitors, or to school facilities are prohibited. All such threats will be promptly investigated. Law enforcement may be contacted. Threats issued and delivered away from school or school activities may be grounds for disciplinary action if the threat impacts the orderly and efficient operation of school.

Students engaging in threatening behavior will face disciplinary consequences up to and including expulsion.

The following factors will be considered in determining the extent to which a student will be disciplined for threatening or terroristic behavior: the background of the student, including any history of violence or prior threatening behavior; the student's access to weapons of any kind; the circumstances surrounding the threat; the age of the student; the mental and emotional maturity of the student; cooperation of the student and his or her parent(s) or guardian(s) in the investigation; the existence of the student's juvenile or criminal history; the degree of legitimate alarm or concern in the school community created by the threat; and any other relevant information from any credible source.

Weapon's Policy (Code No. 502.6)

As defined by the board, states students shall not possess any weapon, firearm, toy weapon, look-a-likes and/or other dangerous objects at school or school activities except with the knowledge and permission of a teacher, coach, or Administrator, and then only for school or educational purposes.

A student in violation of this policy is subject to one or more of the following consequences:

- Notification of parent or guardian of the student involved.
- Notification of law enforcement officials.
- Restricted privileges
- Detention
- Suspension from classes
- Recommendation for expulsion for not less than 12 months
- Referred to law enforcement authorities

Administrator discretion will be applied. Parents will be notified before a student serves any out of school suspension days and possible additional consequences.

Due Process Guidelines

To ensure a student receives fair treatment consistent with the fundamental requirements of due process, student suspensions or recommendations for expulsions must be made in accordance with the following:

A student may be suspended by an Administrator for a commission of serious or repeated infractions of school rules or when the presence of the student will cause substantial interference with the normal operation of the school. The Administrator will conduct an informal investigation of the charges against the student, giving the student:

1. Oral or written notice of the allegations.
2. The basis in fact for the charges.
3. The opportunity to respond to the charges.

Expulsion (Code 503.2)

Students may be expelled for violations of board policy, school rules or the law. It shall be within the discretion of the board to discipline a student by using an expulsion for a single offense or for a series of offenses depending on the nature of the offense and the circumstances surrounding the offense. Due process will be followed as specified in board policy.

Minor and Major Behavior Notes

Minor and Major Behavior Notes (see sample at the back of this handbook) will be issued to students who are in violation of school rules including, but not limited to: fighting, dangerous acts, overt defiance, illegal acts, stealing, profanity, vandalism, and harassment. A copy of the behavior note will be sent home. Any student who receives one Major Note will be subject to a parent conference via the phone or in person. The Administrator will determine the procedure followed for each subsequent behavior note the student receives. Further discipline consequences may be given. Teachers and staff must give the students a warning and attempt to change the behavior using Positive Behavior Interventions & Supports before giving an Minor or Major Behavior Note, except in extreme circumstances.

***Immediate Referrals to the Office**

- Participation in a physically dangerous activity/fighting
- Illegal acts
- Overt defiance (absolute refusal to comply)

Positive Behavior Interventions & Supports (PBIS)

The district continues with implementation of Positive Behavior Interventions & Supports. It is a systems approach to improving behavior. Our discipline policies are based on the principles of PBIS. The intent of the program is to provide a positive learning environment for all students. The teachers and staff will be using a preventative discipline method. The goal is to create a positive school climate by teaching students to, “Be Respectful, Be Responsible, and Be Safe”. Our program is a strong, proactive/positive approach to discipline that emphasizes care and nurturing for all students founded on the principles of defining expectations, positive interactions, modeling, and a high degree of staff involvement.

Bus Route Information

Bus routes will be in operation in the morning and after school for all United Community PK-12 students. The (7-12) students will be shuttled to Boone Middle/High School and Ames Middle/High School. In the afternoon, the (7-12) students will leave their respective schools by 3:15 p.m. and return to United Community School. The regular after school buses will load (PK-6) students at 3:30 p.m. and upon the arrival of the (7-12) students, the evening route buses will depart. **Have the children ready in plenty of time. The buses will not wait for students.** Time schedules will be made after the drivers have had a chance to adjust to their routes. Drivers, as a part of the school staff, have the same authority as the teacher in the classroom. It is expected the student will get on the bus, sit down, keep reasonably quiet and not bother other children.

It is the school's responsibility to provide a safe, efficient transportation program. All students must conduct themselves in a responsible manner at all times. The bus driver is in charge of the bus and the students.

In cases of inclement weather, the office will monitor the weather radio and the transportation director will be immediately notified if the weather situation worsens. If roads are impassable, the hard-surface bus routes may be implemented. Students who are not able to get to school on a hard-surface bus route day will not be counted absent. The Transportation Director will provide families with information regarding these alternative routes.

Bus Video Cameras (Code 711.2R2)

The United Community School District Board of Directors has authorized the use of video cameras on school district buses. The video cameras will be used to monitor student behavior to maintain a safe environment. Students and parents are hereby notified the content of the videotapes may be used in a student disciplinary proceeding. The content of the videotapes are confidential student records and will be retained with other student records. Videotapes will be retained if necessary for use in a student disciplinary proceeding or other matter as determined necessary by the Administrator. Parents may request to view videotapes of their child if the videotapes are used in a disciplinary proceeding involving their child, and do not show other children

STUDENT HEALTH AND WELL-BEING

Administration of Medication (Code 507.2)

Students may need to take prescription or non-prescription medication during school hours. The school must know the medication a student is taking in the event the student has a reaction or becomes ill. Parents must provide written instructions for administration of the medication as well as the authorization to administer the medication. The instructions will include name of medication, dosage, time medication is to be given, route of administration, reason for medication, and length of time it is to be given. Medication is kept in a locked cabinet and distributed by the school nurse or trained employees. **Medication must be in the original container with clear written instructions for proper administration.**

Animals In The Classroom (Code 606.3)

Before animals can be brought into the classroom, staff members must seek Administrator approval. Animals must be in good health and have appropriate vaccinations. Also, the school nurse needs to be contacted in advance as well to rule out any potential allergies/safety issues. **No pets allowed without prior approval.**

Asbestos Notification (Code 804.4)

Asbestos has been an issue of concern for many years. The Asbestos Hazard Emergency Response Act of 1986 (AHERA) was designed to determine the extent of asbestos concerns in the schools and to act as a guide in formulating asbestos management policies for the schools.

Asbestos has been used as a building material for many years. It is a naturally occurring mineral mined primarily in Canada, South Africa and the USSR. The properties of asbestos make it an ideal material for insulating, sound absorption, decorative plasters, fire proofing and a variety of miscellaneous uses. There have been over 3,000 different products manufactured using asbestos.

The Environmental Protection Agency (EPA) began action to limit its uses in 1973. Most of the asbestos products used as building materials were banned by 1978.

The school district facilities have been inspected by a certified asbestos inspector as required by AHERA. The inspector located, sampled and determined the condition and hazard potential of all material in the school facilities suspected of containing asbestos. The inspection and laboratory analysis records form the basis of the asbestos management plan. In 2011 all asbestos has been removed in student areas.

A certified management planner has developed an asbestos management plan for the school district facilities which includes: notification letters, training for employees, a set of procedures designed to minimize the disturbance of asbestos-containing materials, and plans for regular surveillance of the materials. A copy of the management plan is available for inspection in the office.

In compliance with the Asbestos Hazard Emergency Response Act of 1986, our school district has taken steps to ensure our students and employees have a healthy and safe environment in which to learn or work. In conforming with that legislation, a management plan containing all past, present, and future asbestos activity is located at the business office of United Community School District, 1284 U Avenue, Boone, IA 50036. Persons wishing to review this plan may contact Board Secretary at United Community School District, 1284 U Avenue, Boone, IA 50036 or phone (515) 432-5319 or (515) 232-2005.

Child Abuse Reporting

In compliance with state law and to provide protection to victims of child abuse, the board believes incidents of alleged child abuse should be reported to the proper authorities. All licensed school employees, teachers, and paraeducators are mandatory reporters as provided by law and are to report alleged incidents of child abuse they become aware of within the scope of their professional duties.

When a mandatory reporter suspects a student is the victim of child abuse, the mandatory reporter shall make an oral report of the suspected child abuse to the Iowa Department of Human Services within 24 hours of becoming aware of the abusive incident and shall make a written report to the Iowa Department of Human Services within 48 hours following the oral report. If the mandatory reporter believes the child is in immediate danger, the local law enforcement agency will also be notified.

Within six months of their initial employment, mandatory reporters will take a two-hour training course involving the identification and reporting of child abuse, or submit evidence they've taken the course within the previous five years. The course will be re-taken at least every five years.

Communicable and Infectious Diseases (Code 507.3)

Students who have an infectious or communicable disease are allowed to attend school as long as they are able to do so and their presence does not pose an unreasonable risk of harm to themselves or does not create a substantial risk of illness or transmission to other students or employees. If there is a question about whether a student should continue to attend classes, the student shall not attend class or participate in school activities without their personal physician's approval. The term "communicable disease" shall mean an infectious or contagious disease spread from person to person or animal to person, or as defined by law.

Prevention and control of communicable diseases shall be included in the school district's bloodborne pathogen exposure control plan. The procedures shall include scope and application, definitions, exposure control, methods of compliance, universal precautions, vaccination, post-exposure evaluation, follow-up, communication of hazards to employees and record keeping. This plan shall be reviewed annually by the Administrator and school nurse.

The health risk to immuno-suppressed students shall be determined by their personal physician. The health risk to others in the school district environment from the presence of a student with a communicable disease shall be determined on a case-by-case basis by the student's personal physician, a physician chosen by the school district or public health officials.

A parent must notify the Administrator or school nurse when their child has a communicable disease. It is the responsibility of the superintendent to notify the Iowa Department of Public Health. Health data of a student is confidential and it shall not be disclosed to third parties. It shall be the responsibility of the Administrator to develop administrative regulations stating the procedures for dealing with students with a communicable disease.

Emergency Drills (Code 507.5)

The school will regularly conduct fire, tornado, building lock down, and emergency evacuation drills. At the beginning of the school year, teachers will inform students of the procedures to follow in the event of a drill. Emergency procedures and proper exit areas are posted in all rooms. Students are expected to remain quiet and orderly during a drill or an emergency. Students who pull the fire alarm or call in false alarms, in addition to being disciplined under the school district's policies, rules and regulations, shall be reported to law enforcement officials.

Guidance Program (Code 607.1)

The school district guidance program is divided into four separate categories. The categories are counseling services, information services, appraisal services and placement services. Each of these categories is interdependent and assists students with their personal, educational and career development and in becoming well-rounded, productive adults. Confidentiality is maintained by the employees involved in the guidance program. The guidance counselor works with all students in the classrooms and also works with students in small group settings and/or individually.

Health Screening (Code 607.2)

Throughout the year, the school district sponsors health screening for vision, hearing, and height and weight measurements. Special screenings can be conducted if the need arises. Students in K-5 are automatically screened unless the parent submits a note asking the student be excused from the screening. Parents are notified prior to the health screening. However, upon a teacher's recommendation students not scheduled for screening may also be screened. Sixth grade students may be screened at the request of a parent or teacher.

Homeless Student Information

If your family lives in any of the following situations:

- in a shelter, motel, or campground,
 - on the street,
 - in an abandoned building, trailer or other inadequate accommodation
 - doubled up with friends or relatives because you cannot find or afford housing,
- then your pre-school and school-aged children have certain rights or protections under the McKinney-Vento Homeless Education Assistance Act. If you are in one of the

situations mentioned, or you know of a family who is, please contact the Homeless Liaison Coordinator, Rumor Clark, at 432-5319.

Human Growth & Development

The school district provides 5th and 6th grade students with instruction in human growth and development. Parents may review the human growth and development curriculum prior to its use and have their child excused from human growth and development instruction. Parents should contact the school nurse if they wish to review the curriculum or to excuse their child from human growth and development instruction.

Immunizations (Code 507.1)

Prior to starting school or when transferring into the school district, students must present an approved Iowa certification of immunization signed by a health care provider stating the student has received the immunizations required by law. Students without the proper certificate are not allowed to attend school until the school receives the immunizations. Only for specific medical or religious purposes are students exempted from the immunization requirements. Parents who have questions should contact the nurse. Iowa law requires evidence of immunization before any student can be enrolled in the United Community Schools.

A certificate of immunization must be on file at school. The certificate may be obtained from the doctor's office or the school nurse. Students with immunizations partially completed will be issued a provisional certificate allowing an additional 60 days to complete the remaining immunizations. If an updated certificate of immunization is not provided at the end of the 60-day period, the student will not be allowed to attend school until the documentation is received.

Physical Examinations (Code 507.1)

Parents are encouraged to have their children receive periodic physical examinations. Physicals are required yearly for preschool students.

Reporting of Sexual Abuse and Harassment of Students by School Employees (Code 402.3)

The school district does not tolerate employee's physically or sexually abusing or harassing students. Students who are physically or sexually abused or harassed by an employee should notify their parents, teacher, Administrator or another employee. The Iowa Department of Education has established a two-step procedure for investigating allegations of physical or sexual abuse of students by employees. That procedure requires the school district to designate an independent investigator to look into the allegations. The school district has designated the school counselor, Connie Kokemiller at 432-5319 or 232-2005 as the Level I investigator.

Physical abuse is a non-accidental physical injury that leaves a mark at least 24 hours after the incident. While employees cannot use physical force to discipline a student, there are times when the use of physical force is appropriate, these include:

- when it is necessary to stop a disturbance,
- to obtain a weapon or other dangerous object,
- self-defense or to protect the safety of others,
- to remove a disruptive student, to protect others from harm,
- for the protection of property or to protect a student from self-infliction of harm.

Sexual abuse includes, but is not limited to, sexual acts involving a student and intentional sexual behavior as well as sexual harassment. Sexual harassment is unwelcome sexual advances, requests

for sexual favors or other verbal or physical conduct of a sexual nature when submission to such conduct is made either implicitly or explicitly a term or condition of the student's education or benefits; submission to or rejection of the conduct is used as the basis for academic decisions affecting that student; or the conduct has the purpose or effect of substantially interfering with a student's academic performance by creating an intimidating, hostile or offensive educational environment.

School Nurse

The school nurse has an office located in the main office. The nurse is responsible for all medical and emergency concerns, keeping health records, facilitating health checks, maintaining medical records, and training staff and students in the areas of health and safety.

Section 504

Section 504 is a federal law, which protects the rights of persons with qualifying disabilities. The school district will evaluate the student and develop an accommodation plan, if needed. 504 concerns should be addressed to the counselor or Administrator.

Student Illness at Home

In order to protect your child and other children, we have established guidelines on illness. This is to insure the health of our students and staff. Please contact the school nurse if you have questions regarding your student's ability to return to class.

A child cannot be at school if he/she has:

- Temperature over 100 degrees. Child may return to school after 24 hours of normal temperature (without medication). If a child's temperature is 100 degrees upon waking he/she should not be brought into school, since body temperatures rise as the day progresses.
- Untreated conjunctivitis - eye infection commonly referred to as "pink eye". The eye is generally red with some burning and there is thick yellow drainage secreted. Child may return 24 hours after treatment with medication.
- Rashes you cannot identify must be diagnosed by a physician. If treatment is prescribed, the child may return after 12 hours with medication. In cases of more contagious rashes, we recommend at least 24 hours exclusion after treatment. The child may return only with doctor's written statement of contagiousness.
- Untreated impetigo of the skin. Shows up as red pimples. These eventually become small vesicles surrounded by a reddened area. When the blister breaks, the surface is raw and weeping. The lesions occur in moist areas of the body, such as the neck, groin, under arm, face, and hands. Child may return 24 hours after treatment with medication.
- Unusual diarrhea unchecked by a physician. Child may return after 24 hours with no repeated diarrhea or with a doctor's statement that virus is no longer active or contagious. Parents should advise staff if special diet is required.
- Vomiting - child may return after 24 hours without vomiting.
- Severe cold with fever, sneezing, and/or nose drainage.
- Contagious viruses - Example: measles (red or German), chicken pox, mumps, roseola, etc.
- A doctor-diagnosed, non-contagious infection and the doctor places the child on medication. The child may return after the parents have initiated the medication.
- A doctor diagnosed, contagious infection (such as strep throat) and the doctor places the child on medication. The child must remain home for at least 24 hours.

Student Illness or Injury at School (Code 507.4)

A student who becomes ill or is injured at school must notify the teacher or another employee as soon as possible. In the case of a serious illness or injury, the school shall attempt to notify the parents according to the information on the emergency form. If the student is too ill to remain in school, the student is released to the student's parents or, with parental permission, to another person directed by the parents.

Parents must annually complete a medical emergency authorization form indicating procedures to follow in the event of an emergency.

While the school district is not responsible for treating medical emergencies, employees may administer emergency or minor first aid if possible. The school contacts emergency medical personnel if necessary and attempts to notify the parents where the student has been transported for treatment.

Student Insurance (Code 507.6)

The school district does not purchase accident insurance to cover injuries incurred by your child at school. We encourage all families to have accident coverage on their children, prior to participation in any sports or school sponsored activity.

Hawk-I Insurance for Children

Parents can apply for low-or no-cost health insurance for their children through the state's Healthy and Well Kids in Iowa (Hawk-I) program. Children, birth to 19, who meet certain criteria, are eligible. The coverage includes doctor visits, hearing services, dental care, prescriptions, immunizations, physical therapy, vision care, speech therapy and hospital services to name a few. Parents are urged to call 1-800-8563 (toll-free) or go to the web site at www.hawk-i.org for more information.

Student/Staff Safety

United Community School District has implemented numerous precautions to ensure the safety of the students and staff while at school or on the buses. These precautions include:

- Regularly scheduled fire drills, severe weather drills and security drills.
- Bus evacuation drills.
- Locked exterior doors (except main entrance) to prevent intruders.
- Visitor/parent mandatory office check-in/issuance of visitor badge while in buildings.
- Emergency supplies stored in each room.
- Fully developed crisis plan, which includes numerous potential safety/security situations for every staff member to follow.

Wellness Policy (Code No. 507.9)

The board promotes healthy students by supporting wellness, good nutrition and regular physical activity as a part of the total learning environment. The school district supports a healthy environment where students learn and participate in positive dietary and lifestyle practices. By facilitating learning through the support and promotion of good nutrition and physical activity, schools contribute to the basic health status of students. Improved health optimizes student performance potential.

The school district provides a comprehensive learning environment for developing and practicing lifelong wellness behaviors. The entire school environment, not just the classroom, shall be aligned with healthy school district goals to positively influence a

student's understanding, beliefs and habits as they relate to good nutrition and regular physical activity.

The school district supports and promotes proper dietary habits contributing to students' health status and academic performance. All foods available on school grounds and at school-sponsored activities during the instructional day should meet or exceed the school district nutrition standards. Foods should be served with consideration toward nutritional integrity, variety, appeal, taste, safety (including food allergies), and packaging to ensure high-quality meals.

The school district will make every effort to eliminate any social stigma attached to, and prevent the overt identification of, students who are eligible for free and reduced-price meals. Toward this end, the school district may utilize electronic identification and payment systems; promote the availability of meals to all students; and/or use non-traditional methods for serving meals.

School administration and health services personnel will monitor the implementation and effectiveness of this policy and report the results to the board annually.

Complete wellness policy is available on United's website, www.unitedcomets.org.

Students must act in an orderly fashion and remain quiet on their way to an assembly, during an assembly and on their way back to the classroom after an assembly. Students attend assemblies unless, for disciplinary reasons, the privilege is taken away.

Students will proceed to the assembly with their supervising teacher and will take their assigned seats in the gym. If necessary, the school day will be adjusted to compensate for the assembly time and the school schedule. The supervising teacher will dismiss their class at the conclusion of the assembly.

Field Trips (Code 606.5)

Field trips are authorized and may be taken as an extension of the classroom to contribute to the achievement of the educational goals of the school district. If a field trip is required for a course,

While on field trips, students are representatives of the school district and should act in an appropriate manner. Students must treat employees, chaperones and guides with respect and courtesy. Prior to attending a field trip, teachers should send information about the details of the trip home to parents. Parent permission form is required for all field trips. The school district will make reasonable efforts to notify families when meal account balances are low. Additionally, the school district will make reasonable efforts to collect unpaid meal charges classified as delinquent debt. The school district will coordinate communications with families to resolve the matter of unpaid charges. Families will be notified of an outstanding negative balance once the negative balance reaches \$15.00 per student. Families will be notified via a note sent home with the student or email from the school district. Phone Use During the School Day

Students who receive a phone call during school hours are not called to the phone. The office will take a message and forward it to the student. Only in emergency situations are students removed from class or a school activity to receive a phone call. Students are expected to have parent/guardian approved plans for school activities, rather than call during the school day. Please inform your child in advance as to what they are to do when there is an early dismissal or school emergency closing.

If a student brings a cell phone to school, it must be kept in their locker or backpack and must be turned off all day (including the bus ride to and from school). The school is not responsible for lost or stolen cell phones.

Band students who rent a school instrument will pay an annual fee of \$20.00 for instrument maintenance.

Care of School Property (Code 502.2)

Students are expected to take care of school property including desks, chairs, books, lockers and school equipment. Vandalism is not tolerated. Students found to have destroyed or otherwise harmed school property may be required to reimburse the school district. In certain circumstances, students may be reported to law enforcement officials and may be subject to discipline under board policy and school district rules and regulations.

Citizenship

Being a citizen of the United States entitles students to special privileges and protections as well as requiring the students to assume civic, economic and social responsibilities and to participate in their country, state and school district community in a manner that entitles them to keep these rights and privileges.

As part of the education program, students have an opportunity to learn about their rights, privileges and responsibilities as citizens of this country, state and school district community. As part of this learning opportunity, students are instructed in the elements of good citizenship and the role quality citizens play in their country, state and school district community.

Complaint Policy (Code 502.4)

Complaints regarding school district policies, rules and regulations or other matters may be filed by complying with the following procedure. This procedure is strictly followed except in extreme cases.

- If an employee is involved, discuss the complaint with the employee within a reasonable length of time following the incident;
- If unsatisfied with the employee's response or if there is no employee involved, talk to the supervisor about the incident within five days;
- If unsatisfied with the supervisor's response, talk to the Administrator within 15 days of the supervisor's response.

Communication forms are available from either secretary.

Dress Code (Code 502.1)

There is a strong connection between academic performance, students' appearance and students' conduct. Inappropriate student appearance may cause material and substantial disruption to the school environment or present a threat to the health and safety of students, employees and visitors on school grounds. Students are expected to adhere to reasonable levels of cleanliness and modesty. Students are expected to wear clothing appropriate for their age level and does not disrupt the school or educational environment.

Students are prohibited from wearing clothing advertising or promoting items illegal for use by minors including, but not limited to, alcohol or tobacco; pants and shirts must overlap (no bare midriffs or display of underclothing is allowed); no spaghetti straps; no short shorts; from wearing no shoes with cleats or shoes with retractable wheels; and from wearing clothing displaying obscenity, profanity, vulgarity, racial or sexual remarks, making reference to prohibited conduct or similar displays. Acceptable appearance includes the proper selection and wearing of clothing as well as good personal grooming. Hats and other head coverings are not to be worn in the buildings unless prior approval is given. It is strongly suggested students wear proper clothing during any rainy or cold weather. Under certain circumstances or during certain classes or activities a more strict dress code may be appropriate, and students must comply with the stricter requirement. The Administrator makes the final determination of the appropriateness of the student's appearance. Students inappropriately dressed are required to change their clothing or leave the school.

Dual Enrollment Students (Code 604.7)

Home school or home school assistance program students enrolled in classes or participating in school activities in the school district are subject to the same policies, rules and regulations as other students and are disciplined in the same manner as other students. Dual enrollment students interested in participating in school activities or enrolling in classes should contact the Administrator.

Illegal Substances (Code 502.7)

Students are prohibited from distributing, dispensing, manufacturing, possessing, using, and being under the influence of alcohol, drugs, look-alike substances, tobacco, or tobacco products. Such acts will result in serious consequences per Board Policy.

Inspection of Educational Materials (Code 605.2)

Parents and other members of the school district community may view the instructional materials used by students in the office. Copies may be obtained according to board policy. Tests and assessment materials are only available for inspection with the consent of the Administrator. Persons wishing to view instructional materials or to express concerns about instructional materials should contact the Administrator.

Legal Status of Student

If a student's legal status, such as the student's name or the student's custodial arrangement, should change during the school year, the parent or guardian must notify the school district. The school district needs to know when these changes occur to ensure the school district has a current student record.

Posting of Information (Code 903.5)

Anyone who wishes to post or distribute information must receive permission from the Administrator before the posting or distribution. This applies whether the information deals with school-sponsored or non-school-sponsored activities. The Administrator can explain or answer questions regarding the board policy on posting and distributing materials.

Student Lockers/Desks (Code 502.5)

Student lockers and desks are the property of the school district. Students shall use the lockers and desks assigned to them for storing their school materials and personal items necessary for attendance at school. It is the responsibility of each student to keep the student's assigned locker and desk clean and undamaged. The expenses to repair damage done to a student's locker and desk are charged to the student.

Although school lockers, desks and other spaces are temporarily assigned to individual students, they remain the property of the school district at all times. The school district has a reasonable and valid interest in ensuring the lockers, desks and other spaces are properly maintained. For this reason, lockers, desks and other spaces are subject to unannounced inspections and students have no legitimate expectations of privacy in the locker, desk or other space. Periodic inspections of all or a random selection of lockers, desks or other space may be conducted by school officials in the presence of the student or another individual. Any contraband discovered during such searches shall be confiscated by school officials and may be turned over to law enforcement officials.

The contents of a student's locker, desk or other space (coat, backpack, purse, etc.) may be searched when a school official has reasonable suspicion the contents contain illegal or contraband items or evidence of a violation of law, school policy, or rule. Such searches should be conducted in the presence of another adult witness when feasible.

Student Publications (Code 502.3)

Students may produce official school district publications as part of the curriculum under the supervision of a teacher and/or Administrator. Official school district publications include, but are not limited to, the school newsletter and yearbook. Expression made by students, including student expression in the school district publications, is not an expression of official school district policy. The school district, the board and the employees are not liable in any civil or criminal action for student expression made or published by students unless the employees or board have interfered with or altered the content of the student speech or expression.

A teacher supervises student writers to maintain professional standards of English and journalism and to comply with the law including, but not limited to, the restrictions against unlawful speech.

No student shall express, publish or distribute in the school publication material which is:

- obscene;
- libelous;
- slanderous; or
- encourages students to:
 - commit unlawful acts;
 - violate school district policies, rules or regulations;
 - cause the material and substantial disruption of the orderly and efficient operation of the school or school activity;
 - disrupt or interfere with the education program;
 - interrupt the maintenance of a disciplined atmosphere; or
 - infringe on the rights of others.

Students who believe they have been unreasonably restricted in their exercise of expression in an official student publication should follow the complaint procedure outlined in this handbook.

Student Searches

In order to protect the health and safety of students, employees and visitors to the school district and for the protection of the school district facilities, students and their belongings and school owned lockers and desks may be searched or inspected. A search of a student will be justified when there are reasonable grounds of suspicion the search will turn up evidence the student has violated or is violating the law, school district policy, rules, or regulations affecting school order. Reasonable suspicion may be formed by considering factors such as the following:

- eyewitness observations by employees;
- information received from reliable sources;
- suspicious behavior by the student; or,
- the student's past history and school record although this factor alone is not sufficient to provide the basis for reasonable suspicion.

A search will be permissible in its scope or intrusiveness when the measures adopted are reasonably related to the objectives of the search. Reasonableness of scope or intrusiveness may be determined based on factors such as the following:

- the age of the student;
- the sex of the student;
- the nature of the infraction; and
- the emergency requiring the search without delay.

A student's body and/or personal effects (e.g., purse, backpack, etc.) may be searched when a school official has reasonable suspicion to believe the student is in possession of illegal or contraband items or has violated school district policies, rules, regulations or the law affecting school order.

Personally intrusive searches will require more compelling circumstances to be considered reasonable. If a pat-down search or a search of a student's garments (such as jackets, socks, pockets, etc.) is conducted, it will be conducted in private by a school official of the same sex as the student and with another adult witness of the same sex present, when feasible. A more intrusive search, short of a strip search, of the student's body, handbags, book bags, etc., is permissible in emergency situations when the health and safety of students, employees, or visitors are threatened. Such a search may only be conducted in private by a school official of the same sex as the student, with an adult of the same sex present unless the health or safety of students will be endangered by the delay which may be caused by following these procedures.
